TERSELY TOLD.

Hon. W. A. Blount returned yesterday from Maine, where he went some weeks ago on legal business.

The fishing schooners Clara Howell and Clara R. Grimes reached port yesterday, both having had good catches of snappers.

The revenue cutter Hamilton, which is engaged in doing patrol duty in the Gulf, was in port yesterday for a short time.

The many friends of Mr. and Mrs. Herriman, of Goulding will be pleased to learn that both are recovering from an attack of typhoid fever.

Ernest Granel, who has been in this country for nearly a year, connected with Frederickson & Louis tailoring establishment left Sunday for his old home in Germany.

"The best things are the least comestable" was written before the age of "Omniograms"—want ads. Want advertising makes all reasonable things "comestable." Try The Journal's want ads.

Thos. Kent, who left the city with his family some time since, going to Nashville, returned to the city yesterday. He left his family at Meridian, where they will remain until quarantine is raised and the fever stamped out.

In remitting \$5.00 to The Journal for the fever relief fund, Joe Roth, who is now in Chicago, writes: "I hope that the conditions now existing in Pensacola will soon be suppressed, so that all of us refugees can return home. There is nothing so welcome to me as The Journal for we wouldn't know anything about conditions there if we did not receive your paper."

Considerable excitement was created on Baylen Street wharf yesterday morning, when a mule attached to a dray, loaded with wood, became frightened and backed into the bay. A number of persons assisted the driver in unhitching the mule from the dray, and finally a naphtha launch passed along and attached a rope around the neck of the mule, and towed it to shallow water.

It pays housekeepers to use Blue Ribbon Lemon and Vanilla Extracts. They are so pure and strong that every drop counts. Ask your grocer for Blue Ribbon Lemon and Vanilla, and say it plain.

PRINTERS STRIKE IN ST. PETERSBURG.

By Associated Press.
St. Petersburg, Oct. 16.—The printers have struck. No afternoon papers appeared here today and the majority of the morning papers will be unable to appear tomorrow.
The day passed without disorder. The strike has not yet extended to the industrial establishments.

OLD SORES SAP THE VITALITY AND UNDERMINE THE HEALTH

Old Sores that refuse to heal are a constant menace to health. They sap the vitality and undermine the constitution by draining the system of its very life fluids, and those afflicted with one of these ulcers grow despondent and almost desperate as one treatment after another fails. They patiently apply salves, washes, plasters, etc., but in spite of all these the sore refuses to heal and eats deeper into the surrounding flesh, destroying the tissues and growing to be a festering, inflamed and angry mass. The source of the trouble is in the blood. This vital fluid is filled with impurities and poisons which are constantly being discharged into the sore or ulcer, making it impossible for the place to heal. It will not do to depend on external applications for a cure, because they do not reach the real cause, and valuable time is lost experimenting with such treatment; the most they can do is keep the ulcer clean. Any sore that will not heal is dangerous, for the reason that it may have the deadly germs of Cancer behind it. A cure can be brought about only through a remedy that can change the quality of the blood, and this is what S. S. S. does. It goes to the very bottom of the trouble, drives out the poisons and germs with which it is filled, and purifies and builds up the entire circulation. By the use of S. S. S. the sore is supplied with new, rich blood which corrects the trouble, soon stops the discharge, and allows the place to heal naturally and permanently. S. S. S. also reinvigorates the entire system, and where the constitution has been depleted or broken down it quickly builds it up and restores perfect health. Write for our special book on sores and ulcers, and any medical advice you are in need of; no charge for either.

TWO PHYSICIANS ARE ARRESTED

Drs. Herron and Phillips Taken Into Custody For Failure To Comply With City Ordinance.

ALLEGED THAT THEY DID NOT REPORT CASES OF FEVER WHICH THEY WERE TREATING—LETTER FROM DR. PORTER TO THE MAYOR.

Two physicians, Dr. L. C. Phillips and Dr. Jas. S. Herron, the latter one of the oldest practitioners of the city, were arrested yesterday afternoon by Captain Fondell, upon warrants charging them with failure to report cases of fever within five hours, as required by the new city ordinance. Dr. Phillips is charged with not having reported the case of Fred A. Sweet, who has been ill for a week. Dr. Porter visited the patient last week and found that it was a case of fever, but no report, it is stated, was ever made to the health officer.

The case causing the arrest of Dr. Herron is that of Mrs. P. C. Credille, who has been ill for several days, but no report was submitted to the health authorities until Sunday, when a report was received through the mails.

The manner in which cases of this character have been kept from the authorities, especially at a time when they desire to learn of their existence at once in order that the work of fumigation can begin, caused Dr. Porter to take immediate steps, and to address a letter to the mayor. This letter, which is self-explanatory is as follows:

Dr. Porter's Letter.

"Executive Office, State Board of Health of Florida, Pensacola, Fla., Oct. 16, 1905.
"Hon. Chas. H. Bliss, Mayor of City of Pensacola, Florida:
"Dear Sir—As it has been reported

WOLFE APPOINTED PRIVATE SECRETARY

News Reached Pensacola Yesterday that Governor Had Appointed Him to this Position

MR. WOLFE HAS HELD NUMEROUS FEDERAL AND STATE POSITIONS AND IS WELL FITTED FOR THE OFFICE TO WHICH HE HAS BEEN APPOINTED.

News reached the city yesterday morning to the effect that Governor Broward had selected Hon. J. Emmet Wolfe of this city as his private secretary from among the large num-

HON. J. EMMET WOLFE,
Appointed Private Secretary to Governor Broward.

ber of applicants for the position. The governor's private secretary,

to me that a certain physician of Pensacola made report of case of yellow fever to the city health officer through the mail this morning, which case seems to have been decided upon yesterday, the fifteenth instant, the date of the report and fumigation of the room and house where such case occurred has been hereby delayed, your attention is called to this evasion of the city ordinance requiring a report to be made to the city health officer within five hours of the occurrence of such cases. I have positive evidence also that cases of indisputable yellow fever are being treated in this city of which no report has ever been made. If these infractions of the city laws are permitted to continue, it will be impossible to rid the city of infected yellow fever mosquitoes, as the infective period of the human in yellow fever to the stegomyia is within the first three days of illness. If some radical and stringent steps are not immediately taken by the city government to correct the quibbling of diagnoses and evasion of law in regard to reporting yellow fever cases, I shall be compelled to inform the president of the State Board of Health and the governor that the terms under which I have been intrusted to expend the state health funds in an extensive and expensive fumigation of this city with the object in view of speedily ridding the city of yellow fever infection, are not being complied with on the part of some of the citizens of Pensacola, whose obstructive methods render null and void any effort which may be made in this desired direction.

"Very respectfully,
"JOSEPH Y. PORTER,
"State Health Officer."

Took Quick Steps.

As soon as the mayor received this letter he at once proceeded to the police station where he furnished the information he had received and warrants were issued for the arrest of the doctors. They will both appear in the municipal court this morning for trial before Recorder Laney.

M. A. Brown, recently resigned in order to accept the appointment of sheriff of Duval county, leaving the office vacant. As soon as this became known a number of names applied for the position, but from among the number Mr. Wolfe was chosen by the governor, and will assume charge of his duties at an early date.

The news was gladly received in Pensacola, as it was known that the Pensacola gentleman was well equipped to hold the position and will no doubt give satisfaction, not only to the governor, but the entire state.

Judge Wolfe has held a large number of public positions, having been United States District attorney for a number of years, as well as having been honored upon a number of occasions by the citizens of Escambia county, serving a term in the Florida legislature.

Some time ago The Journal published a dispatch from Tallahassee in which it was stated that Judge Wolfe would no doubt be the choice of the governor for this important position, the telegram coming from those who were in a position to know and consequently when the news reached here yesterday it was not unexpected, but was pleasing nevertheless to the gentleman's host of friends.

Sick headache is caused by a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

FRANCIS H. REACHES PORT

FISHING SCHOONER ENCOUNTERED SOME ROUGH WEATHER BUT BROUGHT IN GOOD CATCH.

The fishing schooner Francis H. which had been out on the fishing banks for some weeks, returned to port yesterday, bringing in a good catch. County Solicitor Scott M. Loftin was among those on board, having decided to enjoy a vacation for a few weeks by taking a trip on the vessel, and he stated last night that he spent a most pleasant time while out on the smack.

It was circulated about the streets that the Francis H. was one of the vessels caught in the storm of a week ago, but Mr. Loftin states that while the vessel felt the storm, that she was not in the least affected and, reefing some of the sails, ran before the wind during the time that it was blowing its hardest.

It is a peculiar fact that while the wind here attained a velocity of 33 miles an hour a number of the vessels in the gulf at the time did not experience any very rough weather.

Lungache, CONTRIBUTION OF \$50 FROM MILLVIEW

pains in chest, bronchitis, and similar signs of a cold on the lungs, can be quickly relieved and cured by

HAMLINS WIZARD OIL

No time should be lost, because lung trouble may easily develop into pneumonia or consumption. Hamlins Wizard Oil, applied to the chest, relieves the pain and inflammation, loosens up the cough and soon cures the disease.

"My little girl," writes Rich. W. Thornton of Ouray, Colo., "suffered more or less with a cold on the lungs since her birth, and finally the trouble became serious. No remedies gave relief, until we tried Hamlins Wizard Oil, one bottle of which permanently cured her." Price 50c and \$1.00.

Sold and recommended by **WHITE'S PHARMACY,** Pensacola, Fla. Phone 180, Night Phone 445.

SITUATION GROWS MORE ENCOURAGING

(Continued From First Page.)

yesterday morning. She leaves a number of relatives and a host of friends, who will mourn her loss.

A Sad Death.
One of the saddest deaths that has occurred was that of Ethel Sellers, the nine-year-old daughter of Mrs. G. B. Sellers, of 212 East Gregory street.

The little girl was just convalescing from diphtheria when she was taken with yellow fever, showing symptoms of the latter a week ago Monday and dying from the disease a week later. Two other children in the house, one older and one younger than Ethel, are now convalescing from diphtheria. As the house has not yet been fumigated and is regarded as infected with diphtheria, the burial had to be made last night, the law requiring burial within nine hours where diphtheria infection exists.

The mother of this afflicted family has had more to bear in this case than mothers are usually called upon to suffer. Her husband died about a year ago and three of her children have just had diphtheria, one of them as told above later taking yellow fever and succumbing to it. Another of the children, a boy, is now under observation as a possible yellow fever case.

Another Death.

After the official report of the State Board of Health had been compiled last night, W. V. Walls, of 531 East Government street, died, death occurring shortly after 9 o'clock. The deceased was the local manager of the Jesse French Piano and Organ Co., and had reached the age of 59 years. Previous to coming to Pensacola, where he had resided for the past two years, he was located in Birmingham, where he was well known and liked. He resided for a number of years in Atlanta before going to Birmingham. Mrs. Walls, who has been constantly in attendance upon her husband, is also quite ill, due to nursing her husband during his illness. The funeral will take place this afternoon at 3 o'clock from Northup and Woods undertaking parlors.

Sunday's Report.

Sunday's report of new cases and deaths is as follows:

New Cases.
J. H. Caswell, 416 South Olive street.
Joseph Dykes, 800 East Aragon street.
Mrs. John Beck, 800 East Aragon street.
Ernestine Van Metre, 701 West Main street.
John H. McEatham, 207 North DeVilbiss street.
L. F. John, 214 South Alcazar street.
Henry Booske, 618 Salamanca street.
Lena Mack, 413 North Rens street.
Estelle Solars, 212 East Gregory street.
Bessie Williams, 20 East LaRue street.
Miss Kate Connors, 321 East Zaragoza street.
Ralph Johnson, colored, Jackson and B. streets.
George W. Pryor, New City.
Mrs. Amos, 319 West Garden street.
Arthur Molin, 600 West Wright street.
H. C. Stringfield, Garden street.

The Deaths.
The deaths on that date were:
Miss Mattie Hammac at St. Anthony's Hospital.
Estelle Siclerio at St. Anthony's Hospital.

IT'S HOSTETTER'S

Stomach Bitters

You want when your appetite is poor, tongue coated, skin sallow, and sleep restless. Something else won't do in its place and for that reason we urge you to insist on having

HOSTETTER'S

with our Private Stamp over the neck of the bottle. You'll find it especially valuable for correcting the above ailments, also in cases of Sick Headache, Souring Risings, Kidney Troubles, Costiveness, Indigestion, Dyspepsia, or Insomnia.

A check for fifty dollars was received yesterday towards the yellow fever relief fund. It came from the white employees at Millview of the mill there and will be of much assistance to those who are endeavoring to relieve the poor and worthy, but who are handicapped by the lack of funds. In fact the relief fund is now getting very low and the citizens and others who are able to do so should send in their contributions at once.

A HILL TALE.

A blunt old Colorado miner on Postum.

A clergyman may be eloquent, may use the choicest language, dressing his earnest desire to help his fellow-man in the most elevated, chaste and beautiful language, and yet not touch the hearts of his hearers. Another man, having little education and no grace of speech whatsoever, may tell his message in the common, everyday vernacular he is used to and the simple faith that glows within him carries quick conviction with it. Such a man writes from the towering peaks of Colorado, preaching of Postum: "I had drank coffee all my life until it about killed me, when I concluded to try Postum, and in a short time I got relief from the terrible misery I suffered from coffee."

"When I drank coffee I bloated up so that I could not breathe at times; my nerves were so shaky that I could not hold myself still."

"But thanks to Postum I am all well now and can say that I hope to remain so."

"I was very much disgusted with it the first time I tried it, but had it made stronger and boiled longer till it tasted as good as good coffee."

No amount of rhetorical frills and literary polish could add to the convincing power of the old miner's testimony. Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Look in each package for the famous little book, "The Road to Wellville."

A Happy Home

To have a happy home you must have children, as they are great happy-home makers. If a weak woman, you can be made strong enough to bear healthy children, with little pain or discomfort to yourself, by taking

WINE OF CARDUI
Woman's Relief

It will ease away all your pain, reduce inflammation, cure leucorrhea (whites), falling womb, ovarian trouble, disordered menses, backache, headache, etc., and make childbirth natural and easy. Try it. At every drug store in \$1.00 bottles.
